

Formative Scenario Analysis Exercise

Tobias, Dario

26 2 2019

System boundaries

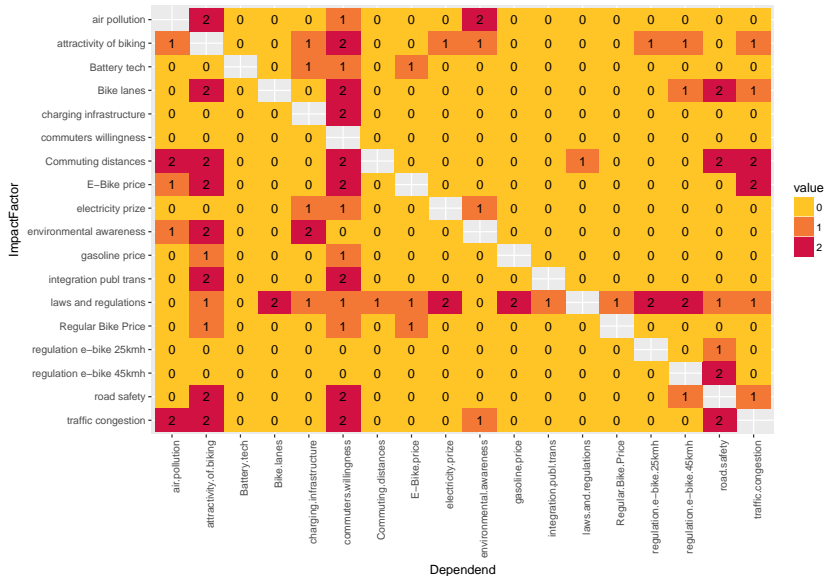

- ▶ Spatial reference: Europe
- ▶ Time reference: 2019 - 2050
- ▶ Substantial reference: E-Bikes

Selected impact factors

E-Bike price	Battery tech
Regular Bike Price	laws and regulations
attractivity of biking	Commuting distances
Bike lanes	integration publ trans
regulation e-bike 25kmh	road safety
regulation e-bike 45kmh	air pollution
charging infrastructure	traffic congestion
gasoline price	commuters willingness
electricity prize	environmental awareness

2.2 Impact assessment

direct impacts matrix
